

# Request for purchase

According to the rules stipulated by law and the provisions laid down in our regulations, when a person changes jobs and joins the Syngenta Pension Fund, both the vested benefits from the previous occupational benefits scheme and any other savings in second-pillar vested benefits institutions must be transferred. Vested benefits which cannot be transferred reduce the level of purchases that can be made in the form of voluntary extra contributions. In the case of people who were previously self-employed, the personal third-pillar savings (Pillar 3a) are also to be taken into account to a certain extent. For people moving to Switzerland from abroad, purchase opportunities are also restricted. For those who are already receiving a retirement benefit from a previous Swiss occupational benefits scheme, the purchase sum is reduced by the vested benefits available at the time of retirement.

Before any purchase can be made, the Pension Fund therefore needs you to complete this request form in full. The number of purchases is limited to a maximum of 4 per calendar year.

**NOTE**

If you want to pay a voluntary extra contribution into the Syngenta Pension Fund and take out some or all of the retirement savings as a lump sum on retirement, we urgently recommend that you obtain an early **binding confirmation from your tax authority in writing as regards the tax deductibility of the voluntary extra contribution and the consequences of a later lump sum withdrawal.**

Voluntary extra contributions have a three-year blocking period. During this period, the benefits resulting from the purchase cannot be withdrawn as a lump sum according to Article 11 Paragraph 3 of the Syngenta Pension Fund regulations – based on Article 79b of the federal law on occupational old age, survivors’ and disability benefits (BVG).

Please complete the form and return it duly signed to:

The Pension Fund reserves the right to refuse purchases without a valid request for purchase.
